31 Days Before Your CompTIA® Network+ Certification Exam

31 Days Before Your CompTIA Network+ Certification Exam offers you a friendly, practical way to understand the Network+ certification process, commit to taking the Network+ N10-006 exam, and finish your preparation using a variety of Primary and Supplemental study resources.

The fully updated Network+ N10-006 exam tests the knowledge and skills needed to configure, manage, and troubleshoot network devices; design basic networks; establish connectivity; identify problems; enforce security; and work with standards, protocols, and documentation.

Sign up for the exam and use this book's day-by-day guide and checklist to organize, prepare, and review. Each day in this guide breaks down an exam topic into a manageable bit of information to review using short summaries. Daily Study Resources sections provide quick references for locating more in-depth treatment within Primary and Supplemental resources.

- This book's features help you fit exam preparation into a busy schedule:
- Visual tear-card calendar summarizing each day's study topic
- Checklist for tracking your progress in mastering exam objectives
- Description of the Network+ N10-006 exam organization and sign-up process
- Strategies to prepare mentally, organizationally, and physically for exam day
- Conversational tone to make study more enjoyable

Great book but not the best book out there

By Corey

Great book but not the best book out there, in the top 5 of best books to get to study for the exam. Professor Messer is a great starting point for online videos, this book follows the same outline as the videos if you need someone to explain concepts to you.

2 of 2 people found the following review helpful.

Great book. I used it at double the speed

By JAT

Great book. I used it at double the speed, two chapters a day, for two weeks leading up to my test, and it really drove home the highlights. Definitely? not your only study material, but certainly worth it to really get a thorough review.

Zeros in on what's important.

By David Eugene Jensen

Great distillation of what you really need to know.
