Great Read!!!

By April Joy

I thoroughly enjoyed reading "Before Saying Yes to The Ring". Although I already said yes to my fiance it was refreshing to hear of her testimony and walk with Christ. I could definitely relate to a lot of the things she struggles with and her experiences with previous relationships and addictions. The book references scripture and constantly enforces that this is her journey. Sometimes authors can feel "pushy" but this was the complete opposite with Karolyne. She was honest, transparent, and came from a loving place. I think the book is perfect for someone courting/in a relationship/single and desiring a relationship. Regardless, I'm engaged and it was still a blessing to read. God bless!

Awesome!!!

By Alysa Harkness

Karolyne, writes such an inspirational story and becomes very, very transparent in this book. Many of her early life experiences relate so closely to mine....I am so happy she found love and most importantly, stopped

compromising herself and started to follow God's direction.

Book Review

By Hana Wilder-Stewart

This book was an eye opener I purchased it because I am now in the engaged season of my life. We're in pre-marital counseling at our church and we have stood strong in our faith. I wanted to read something that fed the slight insecurity I felt about not being fully prepared. But after reading I have been able to connect all the lessons with the ones in the book and it has brought some ideals full circle. This is an honest and very expressive book and I'm thankful for the transparency that was shown in happy and frustrating times. A must read 4 stars from me.
