We will certainly ask first, have you a lot more times to opt for going shopping the books and hunt for the referred publication *Boy Meets Girl: Say Hello To Courtship By Joshua Harris* in book store? Many people may not have sufficient time to discover it.

Amazon.com Review

Joshua Harris follows up his bestselling *I Kissed Dating Goodbye* with *Boy Meets Girl*, the story of how he met and married his wife, Shannon. Where Harris's first book encouraged readers to throw off modern ideas of romantic fixation, *Boy Meets Girl* goes to the next level and urges single Christian men and women to pursue courtship, and ultimately marriage, thoughtfully and prayerfully. Knowing that many readers will balk at the idea of premeditated courtship, Harris insists that dating should not be emotional recreation but rather a careful decision rooted in obedience to God. While the anecdotes used to reveal true-to-life scenarios about dating pitfalls are somewhat elementary (and geared to those in their 20s), Harris succeeds in hammering home the point that obedience to God's word, selfless love, community, purity, and satisfaction in God are the most important aspect of any relationship. The last section of the book is particularly practical, discussing forgiveness of past sexual sin, questions to ask before tying the knot, and how an understanding of our sinful nature can lead to conflict resolution. For Harris's mere twentysomething years of life experience, his maturity and devotion to God are sincere evidence that he has indeed practiced what he has preached, resulting in a passionate relationship with the love of his life. --Jill Heatherly

From Publishers Weekly

In 1997, Harris's *I Kissed Dating Goodbye* became a phenomenon both in the publishing world and the Christian singles scene. Dating, Harris suggested, was an ungodly and unbiblical activity that Christians should reject in favor of a more old-fashioned, marriage-driven courtship. In this follow-up book, Harris guides Christians who are eager to say "I do" through the maze of finding a mate. His practical tips are set against the autobiographical backdrop of his own successful courtship with Shannon, now his wife of two years. Harris's words of wisdom aren't terribly innovative; they are the bread and butter of Christian relationship books claiming that good communication, sexual abstinence, friendship and fellowship are at least as important as romance. But lack of originality is the least of this book's problems. Harris's self-conscious attempts to be cute quickly grow tiresome (the Courtship Cop who "pulls over" a couple thinking about marriage too early in their relationship is only the most glaring example). Also, many readers who would otherwise find Harris's message compelling may be put off by the strict "God-given" gender roles he lauds in chapter 6: a man should initiate everything in a relationship, while "ladies" are supposed to "make room for him to lead." This slim sequel will no doubt delight Harris's thousands of devoted fans, but its

banalities won't win any new devotees. (Oct.)

So, it will certainly not need even more times as well as days to position it as well as other publications.

BOY MEETS GIRL: SAY HELLO TO COURTSHIP BY JOSHUA HARRIS PDF

Purpose Driven Romance

The last thing singles want is more rules. But if you're looking for an intentional, God-pleasing game plan for finding a future spouse, Joshua Harris delivers an appealing one. A compelling new foreword, an all-new "8 Great Courtship Conversations" section, and updated material throughout makes this five-year revision of the original *Boy Meets Girl* a must-have! Harris illustrates how biblical courtship—a healthy, joyous alternative to recreational dating—worked for him and his wife. *Boy Meets Girl* presents an inspiring, practical example for readers wanting to pursue the possibility of marriage with someone they may be serious about.

Are you ready for "romance with purpose"?

If you're fed up with self-centered relationships that end in disillusionment, it's time to rethink romance. Finding the loving, committed relationship you want shouldn't mean throwing away your hopes, your integrity, or your heart.

In *Boy Meets Girl*, Joshua Harris—the guy who kissed dating goodbye—makes the case for courtship. As old-fashioned as it might sound, courtship is what modern day relationships desperately need. Think of it as romance chaperoned by wisdom, cared for by community, and directed by God's Word.

Filled with inspiring stories from men and women who have rediscovered courtship, *Boy Meets Girl* is honest, romantic, and refreshingly biblical. Keep God at the center of your relationship as you discover how to:

- Set a clear course for your romance
- Get closer without compromise
- Find support in a caring community
- Deal with past sexual sin
- Make the right decisions about your future

New! Courtship Conversations

Eight ideas for great dates that will help grow and guide your relationship.

Story Behind the Book

"I wrote *I Kissed Dating Goodbye* to challenge singles to drop the worldly approach to serial dating and reconsider the way they pursued romance in light of God's Word. Since then, I've received letters asking questions like, So, what comes between friendship and marriage? and, How can you know when you are ready for marriage? *Boy Meets Girl* answers those questions. Now as a happily married man I can look back on my courtship with Shannon and see from personal experience that God is faithful. If you trust Him

enough to wait on romance in dating, He will lovingly guide you as you pursue it in courtship...right to that wonderful moment when you kneel together at the altar.” — Joshua Harris

Good ideas, for the most part

By Valerie

As the title of this review says, good ideas, for the most part. I agree with what most of this book says. The chivalrous behavior, guarding your own and your partner's weaknesses to make sure neither stumble, and lots of other tips in this book are very beneficial. However, one thing I think the author does not emphasize enough from page one is first seeking God before even considering courting someone. He doesn't seem to understand that a person can directly ask God "Should I court so-and-so?" Or "is it meant for me to court/marry so and so?" In the first and second chapters, he talks more about whether someone feels led to court based on their own feelings, biblical wisdom or what they want to do rather than asking God first. Some might think, well, maybe it is understood to go to God first because it is a Christian book. That might not necessarily be true for some Christians. Yes, biblical wisdom should be used. But first you go to God and ask Him directly if it is His will to court so-and-so (yes, that is allowed). THEN you wait for an answer. Does it line up with scripture? Is it confirmed by the Holy Spirit? And is there a peace about it? If those check off THEN make your move to court. NOT beforehand and NOT by personal wisdom!!!

Secondly, in the beginning of the book, he does not emphasize enough the importance of God's direct role in choosing our mate. It should not be based on whether we find the person attractive, or think that just because a person is a Christian, they are court worthy; there is more to it than that. He does not talk enough about how God knows who is best for us. He talks about how family should play a role in the process because they know us well. But he neglects to mention that God knows us best, that He should be the first one we go to when we start to consider our future mate and to ask Him to bring us the mate that He knows is best for us. If we pray about it FIRST, God will bring the right person, under the right circumstances in His perfect timing. As stated before, the author mentions these things, but not until near the end of the book.

GOD's thoughts, wisdom and insight comes FIRST through prayer of directly asking what He says we should do when we should do it. THEN we follow suit with trust, obedience and patience.

#RelationshipwithJesus First!

By Sharon A Lavy

I am 68 years old and I recommend that every Christian alive on this earth read this book. Putting God and His will first in our lives. In every aspect of our lives. Considering others needs before our own. I wish I could have read this when I was 13 and new in the faith. I did pray that God would bring me the boyfriend of His choice. And He did. But I could have used a bit of wisdom on dealing with the emotions back then.

I highly recommend this book to teenagers, adults, parents, grandparents, ministers, would be mentors, in short everyone who wants a closer relationship with God and with each other.

Thought provoking.

By Az

As a 28 year old male who has tried dating the worlds way for all of my dating time... This book was a breath of fresh air for a few reasons.

While some of the things in here may be "common sense" to some (individual backgrounds and results will vary) there were some perspectives, thoughts, and questions that I had either ignored, not thought to meditate on, or even occurred to me.

I would caution people from falling prey to unintentional legalism with a book like this. Josh gives some

good practical guidelines, but also makes it very clear that they should be taken with a grain of salt and that each situation is unique.

The only issue I had with this book, was that he pointed out some lines of thinking I didn't even realize I've had in the past and it was uncomfortable to face.

But that's my issue, not his or even an issue of the book itself.

A good read for any Christian who is open to taking their relationship seriously - and likewise is serious about honoring Him in / with it.
