CAVEMAN APOLOGETICS BY OG KEEP PDF

You know that the Atheist at work is wrong when he starts spouting off. But can you prove it to yourself and to your coworkers? This book is designed to help you with the defense of the faith, by taking pretentious ideas and exposing the simple concepts behind them. Learn the basics of logic. Find out why "Could God build a rock so big that He couldn't lift it?" is a poor question. See the bad reasoning behind many atheistic attacks. The profound Christian faith has withstood attacks from all directions for centuries, including both physical and intellectual assaults. Find out why all such attacks are doomed to fail.

Most helpful customer reviews

1 of 1 people found the following review helpful.

A great companion to C

By George E

Exceptional on every level; spiritually fulfilling, intellectually stimulating. I didn't think I could find a book that could gratify both the academic and the believer in me. Caveman Apologetics book did all that and more; it left me feeling calm and closer to God, and inspired to read more. A great companion to C.S. Lewis' Mere Christianity. For intelligent believers.
