I loved every bit of "Down to the Liar

By love2dazzle

I loved every bit of "Down to the Liar." Let's just start buying saying this is such a gorgeous cover. I love love love it! This novella takes place after the events in the first novel, "Trust Me, I'm Lying". This gives fans a little in between story before the next book. This shows how Julep is doing without Sam. You can tell that he misses her. I feel like in other ways it shows a little insight on what is going to happen in the next book. I have a few theories. I really like this series. I thought the first book was really good. I am looking forward to starting the second one. I still need to figure out Julep's real name. I know the clues are hidden in there. Definitely try this series if you haven't already. It is a lot of fun. I am looking forward to seeing how Julep grows as a character.

I missed Julep so much!! I am so glad I read this before the second book (it's book 1.5) since it caught me up with what had happened in the first book.

Julep takes a con where she must help a friend in need and keep her from getting harassed any longer.

This was deliciously unpredictable and suspenseful. I missed these characters so much, it was amazing to come back to them. Although circumstances are now a little bit different which keeps breaking my heart. I thought I knew who was behind the harassing but Mary slapped me with a plot twist I never saw coming.

I loved it and I am even more glad the story isn't over yet!
