# ESSENTIALS OF ECONOMICS, 8TH EDITION BY BRADLEY SCHILLER PDF

Essentials of Economics is the market leader for the one-semester survey course. In just about 400 pages, it provides a solid introduction to the core concepts of economics with an emphasis on real-world examples and current events. Essentials has earned its popular success because, unlike other books on the market, it is free of the abstract and complex theory that requires more time than this course allows. Instead, the text is clean and concise, with many examples of significance to students today, including Headlines and Policy Perspectives that use current events to help illustrate the topics discussed. This real-world policy emphasis is a distinctive feature of Schiller's text and is integral to its dominance of the survey text market.

Fast Shipping, Item as Described

By Patrick Schardt "schardt679"

I think this book provides as the book title says, the "Essentials of Economics." It has very detailed information on various economic topics like supply and demand, GDP, etc. I use this book a lot for discussions with friends and families. I recommend to anyone that wants to find out more about the US economy.

Much Needed Book

By XB

I used this book for my Economy class in undergraduate school. The book helped me so much through the class because i used it as a reinforcement to what I learned from lecture. It made the class so much easier.
