Review

"...a very useful, comprehensive yet concise, and user-friendly textbook on the subject of Paediatric Dentistry.

A practical and highly illustrated guide to the day-to-day dental management of children." Medical Student, University of Wales College of Medicine, Leech Y Gelen, September 2003

About the Author

Angus Cameron completed dentistry at the University of Sydney in 1984 and began work as a junior dental officer at Westmead. He joined the Department of Paediatric Dentistry as a registrar in 1987 and was the first to complete the Master of Dental Science degree in Paediatric Dentistry in NSW in 1991. Angus was appointed a specialist in 1992 and became Head of Department in 1997. He is currently Clinical Associate Professor and Head of Paediatric Dentistry at the University of Sydney and Visiting Senior Specialist at the Children's Hospital at Westmead.

Angus was also appointed Clinical Associate Professor at the University of Adelaide and is currently the Registrar (Special Field Streams) of the Royal Australasian College of Dental Surgeons. In 2007, he was elected a Fellow of the Faculty of Dental Surgery of the Royal College of Surgeons of England. Angus is co-editor of the Handbook of Paediatric Dentistry, now in its 3rd edition and translated into six languages. His major clinical interests are in the areas of paediatric oral medicine and pathology, dental anomalies and craniofacial biology.

Dr Widmer received his Bachelors Degree from the University of Melbourne and his Masters Degree in Paediatric Dentistry also from the University of Melbourne. The majority of his paediatric clinical practice over the last 25 years has been at the Westmead Centre for Oral Health and The Children's Hospital at Westmead.

He is a very active clinician and lecturer, presenting to students and graduates in all branches of the health sciences, as well as being invited to present at conferences, both locally and internationally.

Dr Widmer is currently the Associate Clinical Professor in Paediatric Dentistry at the University of Sydney and Director of the Dental Department at The Children's Hospital at Westmead. He is a past President of the International Association of Paediatric Dentistry , the Australasian Academy of Paediatric Dentistry and the Australian and New Zealand Society of Paediatric Dentistry.

Good comprehensive Book on pedo

By D. Park

good read and easy to follow.

good tables and flowcharts in case of emergencies, traumas, abscesses, etc.

couple errors in Rx's

no real info on tooth movement, uprighting (which is okay)

no real info on space maintenance, TPA, ling arches, band/loop (which is not)

good to have if you don't see too many kids.

colorful

By Dr.J

Has many color pictures and helpful information. Some of the treatment advice is a little on the edge and may be more common in Australian as opposed to the US.

Excellent reference

By Sierra2002

Handbook is an excellent source of up to date information for a dentist not normally treating a lot of children in his practice.
