On Valentine's Day I was looking online for tips on Internet dating and came across an article on CNN.com that said, "Traditional dating as we know it, is dead." The singles population in all age brackets is exploding, and online dating is not getting it done. Men greatly outnumber women on most dating sites, and the very attractive women get so much email that even rich, good-looking guys get ignored or lost in the shuffle.

But there is one kind of online dating site where the hot girls outnumber the guys by as much as 10 to 1. Sugar daddy dating sites.

"Don't you have to be rich and buy these girls a condo or something?" No! Not at all. Many young girls have recognized the benefit of dating someone older, successful, and more experienced, and they just need a little help each month. Some just want to be treated well and go out to nice places.

Of course there are some that will rip out your soul as I learned the hard way! So let me show you how to navigate this fascinating world and not make all the painful and expensive mistakes I made.

I'll show you:

- How you can have a gorgeous sugar baby for less money than you imagine.
- 5 questions to ask yourself to see if you are ready to be a sugar daddy.
- 17 questions to help you figure out what you really want and find your perfect girl.
- How to recognize the fun sugar babies and avoid the soul suckers.
- How to get the most out of your sugar daddy dating site membership and keep costs down.
- How to contact and meet potential sugar babies.
- 18 critical things you must discuss, and agree to, when making an ongoing arrangement.

Since making the jump to sugar daddy dating, I've had the time of my life. No more eating, seeing movies, and vacationing alone.

It's been transformative for me. I know it will be transformative for you as well.

Don't be a Pappa Sucker! Read this book!

By Daryl Jamieson

How to be a Sugar Daddy is a comprehensive guide on being a sugar daddy in this day and age. Richardson goes into depth about every aspect that is related to being a sugar daddy, and why he became one himself. I found the book very informative and full of pertinent information for the aspiring sugar daddy.

The book is packed with nuggets of wisdom that I wouldn't have thought about on my own. This goes beyond budgets and profile creations (he goes into detail about this, too), and into territories that make or break a relationship, be it sugar daddy or not. I also thought that sugar daddies were super rich guys wasting thousands and thousands of dollars on young women. But I now know that sugar daddies can be regular guys, too. The same goes for the women interested in sugar daddies: they come in all shapes, sizes, temperaments, and costs.

So if you're interested in becoming or sugar daddy, or just want to know what a sugar daddy is (or should be) thinking- this book is for you.

must for every sugar daddy.

This author saved me a ton of money. His experiences provided guidance that enabled me to get solid hits almost all the time. most interesting is how to keep lines open over several years without getting locked into commitment.

Would like to know more about how to insulate sugar babes from the wife and vice versa.

This book is a must for every sugar daddy.

It's for beginners only...

By William

This is a beginner's book only. I've done sugar daddy dating for over 10 years (won't see women any other way) and I did not find any value in this book. This book is helpful for those who have never done it before, but it has nothing for an advanced sugar daddy. It's basically an introduction to seekingarrangement.com, how to make contact, and what to expect. It's good if you've never done it before or are just beginning. But it does not tell you anything you wouldn't know if you've been on the site for a while. It's a very short book (I read the entire book in 20 minutes) so the best value is probably just to do the download. I recommend it for beginners who have never done this before. Definitely not for experienced SDs.
