Simply purchase and also download and install the soft data of this book *Secrets Of The Karambit: Weapons Of Southeast Asia By David Seiwert*

SECRETS OF THE KARAMBIT: WEAPONS OF SOUTHEAST ASIA BY DAVID SEIWERT PDF

The karambit has become extremely popular in recent years, spread by practitioners of Southeast Asian martial arts such as Silat, KunTao and the Filipino arts of Kali and Escrima, but there is very little information on the subject outside of these arts.

More and more martial arts styles as well as law enforcement (LEO) and the military are looking into the usefulness of this ancient Indonesian weapon, but with a dearth of teaching material and/or instructors out there, they are left to learn on their own or try to find a qualified instructor of Southeast Asian arts to teach them the finer points of this unique weapon.

This book aspires to describe and explain the History, Design, Materials, as well as demonstrate Deployment, Drills and defense against the Knife, Gun, Unarmed defense and Multiple Attackers.

Hopefully everyone interested in learning the karambit can gain a better understanding of this fascinating utility tool and fighting implement with 243 pages and over 750 photos showing step by step sequences of techniques and applications.

Awesome book on this weapon of stealth and ferocity.

By Amazon Customer

There is little debate that the Karambit is the most lethal edged weapon in existence. This is by far the best book I have ever read on the subject, and I believe I have read them all. This is the only book of it's kind that illustrates and explains the techniques well enough that you can learn them at home. This is great because very few areas are lucky enough to have a teacher who has mastered this weapon. If you want to learn how to effectively and efficiently neutralize multiple assailants, buy this book.
