The star-studded and sidesplitting follow up to The Andy Cohen Diaries.

The megapopular host of Watch What Happens: Live and executive producer of the Real Housewives franchise is back, better than ever, and telling stories that will keep his publicist up at night.

Since the publication of his last book, Andy has toured the country with his sidekick, Anderson Cooper; hit the radio waves with his own Sirius station, Radio Andy; appeared on Real Time with Bill Maher despite his mother's conviction he was not intellectually prepared; hosted NBC's primetime New Year's Eve special; guest edited Entertainment Weekly; starred in Bravo's Then & Now with Andy Cohen; offended celebrities with his ongoing case of foot-in-mouth disease; and welcomed home Teresa "Namaste" Giudice from a brief stint in jail.

Hopping from the Hamptons to the Manhattan dating world, the dog park to the red carpet, Cardinals superfan and mama's boy Andy Cohen, with Wacha in tow, is the kind of star fans are dying to be friends with. This book gives them that chance.

If The Andy Cohen Diaries was deemed "the literary equivalent of a Fresca and tequila" by Jimmy Fallon, Superficial is a double: dishier, juicier, and friskier. In this account of his escapades - personal, professional, and behind-the-scenes - Andy tells us not only what goes down but exactly what he thinks of it.

- Sales Rank: #53 in Audible

I really wanted to like this, but it was too boring.

By Sharyn S. Lewis

I love Andy Cohen, BravoTV and all things pop culture. I kept trying to get through this, but it wasn't very interesting. This is the same format as his last book. Besides his day-to-day diary of his daily activities and which celebrities he hangs out with, it didn't have much more to keep my interest. It was apparent he was trying to keep from giving too much info about his celebrity friends and gossip, which is more interesting than his diary & daily schedule. I kept putting it down from lack of interest.

Wanted to love it...but

By Jpp

First let me say, I love everything Bravo so I was going in a fan and wanted to love it. But it was a little overhyped and if Andy wasn't over himself by the end - I was. It becomes whiny in places where no one can possibly be empathetic. (Sorry, not sorry Andy that your closet is palatial)?

I kept expecting tales of fun escapades or crazy housewives adventures. Doesn't happen. It's a daily diary of who he saw & where - but nothing salacious like I thought. It's good if you enjoy Bravo & Andy but it's not everything I expected. I wanted so badly to love, but came away with like.

I really enjoyed Andy's last book

By StephenOH

I really enjoyed Andy's last book, but this one is too much---too many unknown names (even though some of them like SJP, Anderson, Kelly, Mark, DVJ, etc. can be deciphered), too many marijuana "lollys", too many trips to bars, restaurants, parties, men, etc. I almost gave up halfway through this book, but soldiered on until the end. I hope this will be the last diary and hope he has at last found happiness with the Brazilian Andy Samberg and will, at some point, realized how very fortunate he is to live such a charmed life. I really like Andy Cohen, but he has definitely reached a point of very "shallow" and not very "deep".
