THE 40TH DAY (AFTER THE CURE BOOK 5) BY DEIRDRE GOULD PDF

"Everyone here is already exposed. Don't come here. Your family is dead. Your friends are dead. Do not trust anyone from the City. There may already be people out there who are infected and don't know it. Do not let them in. Do not let yourself be moved by pity. They are deadly."

In the concluding novel of the After the Cure series, a small splinter colony of surviving humans struggle to protect themselves from a devastating plague. Without modern medicine, without electricity or hope of outside aid, the only resort is quarantine. But when even that proves not to be enough to protect the remaining healthy population, a tiny group of Infected race against their own bodies to destroy the Plague at its source.

The 40th Day is the fifth and final novel in the After the Cure series.

So sad that I finished the book so quickly!!

By Amazon Customer

Fantastic ending to this series! It may not have ended the way I hoped but I am very happy with the book overall. The thing I am most upset about is probably having to say goodbye to the series... I truly hope maybe Deirdre Gould will write another book picking up with Ruth or maybe even Andy and Igor. Something a little extra to help us readers say goodbye! I'm just not ready to be done with the characters or this story!! I highly recommend this book, and the After the Cure series as a whole if you have not read it yet! You will not regret!

As the small colony of people that left the city work to create a safe home, a new group that arrives is causing problems.

By Chris Hammond

As the small colony of people that left the city work to create a safe home, a new group that arrives is causing problems. And one of them is not who he claims. He is found out after Nella and Frank return to the colony to help and to rescue a friend from the city. Only to find that they may have been safer just staying away. Between the threats in the small colony, the infected and the need to destroy the new infection in the city, survival is far from guaranteed.

Sad to see the series end!

By Amanda P

I have enjoyed this series since the first book! Every book has never let me down and this 5th book hasn't let me down either. This book touched base on some characters back stories and where they came from which was nice to hear about all the characters. I have to say I have been waiting so long to find out what happens that I finished this book in a day! I couldn't put it down, just like the others. Hoping to see if we more books from the hospital!!!
