THE SADDEST GIRL IN THE WORLD BY CATHY GLASS PDF

The Sunday Times and New York Times bestselling author of *Damaged* tells the true story of Donna, who came into foster care aged ten, having been abused, victimised and rejected by her family.

Donna had been in foster care with her two young brothers for three weeks when she is abruptly moved to Cathy's. When Donna arrives she is silent, withdrawn and walks with her shoulders hunched forward and her head down. Donna is clearly a very haunted child and refuses to interact with Cathy's children Adrian and Paula.

After patience and encouragement from Cathy, Donna slowly starts to talk and tells Cathy that she blames herself for her and her brothers being placed in care. The social services were aware that Donna and her brothers had been neglected by their alcoholic mother, but no one realised the extent of the abuse they were forced to suffer. The truth of the physical torment she was put through slowly emerges, and as Donna grows to trust Cathy she tells her how her mother used to make her wash herself with wire wool so that she could get rid of her skin colour as her mother was so ashamed that Donna was mixed race.

The psychological wounds caused by the bullying she received also start to resurface when Donna starts reenacting the ways she was treated at home by hitting and bullying Paula, so much so that Cathy can't let Donna out of her sight.

As the pressure begins to mount on Cathy to help this child, things start to get worse and Donna begins behaving in erratic ways, trashing her bedroom and being regularly abusive towards Cathy's children. Cathy begins to wonder if she can find a way to help this child or if Donna's scars run too deep.

Fostering the Hard to Place

By Amazon Customer

Amazing what this girl had to endure and then rise above. The telling of her story is very concise and in chronological order. You learn about the ups and downs of fostering "hard to place" children and how they fit into a normal life style. This is a true page turner book.

Touches the heart, makes you thankful and think!

By Fox

I have read one of Glass'es books, Damaged and felt not only touched and thankful there are such excellent people out there with this talent but also educated. So I wanted to continue reading Cathy Glass's books. This one did not dissappoint.

I love how her books read close to what a diary log of family happenings rather than totally emotional outpouring. I find it easier to relate to the damaged children and marvel at the ability of people who can figure out a child's drama like piecing together a jigsaw puzzle. It is intriguing and totally satisfactory in the end. I also enjoy the fact she doesn't pull any punches in regards to what happens to each child. Not all children are able to rebuild their lives after abuse.

I am more understanding of the social dilemma of workers in this arena and how each child can impact our society by producing more damaged people if not helped. Therefore I have gained more of a world view that this is occurring everywhere. It isn't a pretty picture but it has made me more aware. And for that I am thankful. perhaps Cathy's books would be good reads for older high school students for more understanding and possibly for volunteering to do more social work.

When you read her books, you will be touched.
