WTF?

By Michael Smith

Travelling towards nothingness

By Kumba Diallo

Yes I made up my mind that I liked it. Anyway I read through it in no time and in a perfect scenario, a beach in a Greek island. But I felt a brusque split between the first part dominated by the main male figure and the last chapters where the female takes the foreground and the descent into self-destruction engulfs the narrative. Poignant language and perfect companion for travellers.

Complex Book

By Cruise Boy

This book reminded me of something Hemingway would write. Parts were slow and I wanted more to happen. The characters were so foreign to my way of life, it was hard for me to fathom why they would spend so much money and get so little pleasure out of their travels. I kept thinking, "Don't they have anything better to do with their lives?"
