From School Library Journal

K-Gr 2--A rather pedantic retelling of the venerable Norwegian folktale is placed back-to-back with "Another Point of View." According to the Troll, who lives in a well-appointed home under the bridge, he is just being hospitable by inviting the Goats Gruff to dinner. It's not his fault that they think he wants to eat them. Newbury's Troll isn't especially fearsome he's just an ugly man and Nidenoff's illustrations for the Troll's tale feature a pastoral setting with pointy-eared, smiling, humanlike characters. True, there are two sides to every story, but for more satisfying retellings and illustrations, rely on versions by Glen Rounds (Holiday, 1993), Janet Stevens (Harcourt, 1987), and Paul Galdone (Clarion, 1979).

A hilarious children's book

By A Customer

I first received a copy of this book at the International Reading Association's 1996 conference when I was acting as a staff development assistant and enrichment teacher at an elementary school. It is hilarious. First, you read the traditional The Three Billy Goats Gruff to the kids and then you read the Just a Friendly Old Troll story which is told from the point of view of the troll. It is really funny. The troll says he was just misunderstood-he didn't mean he was going to eat the baby goat when he said," I'd like to have you for dinner?" but that he was inviting him to dinner trying to make friends and that when baby goat and medium goat each said wait for my bigger brother knowing that eventually big billy goat gruff would come to defend them that he thought they meant they didn't want to come to dinner without their brother.

what a cute book

By A Customer

I first read to my boys the story of The Three Billy Goats Gruff which is just the way I remember it from when I was a child. I then flipped the book over and read to them the troll's point of view. What a cute and funny story. We all love this book. We will definitely buy other books like this one written with other classic stories telling both points of view.
