Chris is a man who walks his talk

By gotomikem

So many times one wonders when it comes to books like this "does the writer truly practice these principles and have abundance in his own life?". Having been to many of Chis' workshops and knowing a bit about him I was excited for this book because I know he DOES have the happiness prosperity and abundance that he wants others to enjoy. In this book he gives the principles he practices that have helped him create a great life and can help you do the same! A great read from a man who is a great example of what he preaches.
