This omnibus edition contains Books 1 - 3 in the best-selling Z-Minus series, and is nearly 600 pages of horror, action, thrills and spills.

Once infected, the virus shuts down organs, kills nerve impulses and even reprograms the way we think. The virus becomes us.

But the process takes eight hours.

If you only had eight hours left to live, what would you do?

Z-MINUS 1

For Chris Smith, that decision has been made for him. He's infected, and returns home to find the rest of his family undead or missing, save his youngest daughter Maisie. He's never been much of a father, but can he make up for it now in the final few hours of his life and find somewhere safe for her to survive?

Z-MINUS 2

Chris Smith has eight hours to get his infected daughter Maisie to the rumored cure or lose her forever. The only things in his way: a marauding army of killer zombies, a self-declared warrior goddess and a secret buried deep in his past.

Z-MINUS 3

Chris Smith has eight hours to get his cured daughter Maisie to the research ship anchored off the coast of Brighton or lose the only chance of salvation the human race has. He must battle raging undead hordes and evade a powerful warrior goddess hell-bent on retaining power in the new world order.

From the writer who brought you the Blood Memory series and The Swiss Family RobinZOM comes this complete post-apocalypse trilogy.
